

**General Terms and Conditions for the
Sale of Goods
Chemson Pacific PYT LTD
ACN 003 230 635**

1. Application of Terms and Conditions

- 1.1 These Terms and Conditions apply whenever Chemson sells and delivers Goods to the Buyer.
- 1.2 These Terms and Conditions apply to the exclusion of any other terms that the Buyer seeks to incorporate or impose, or which are implied by trade, custom, practice or course of dealing.
- 1.3 By placing a Purchase Order for the Goods, the Buyer accepts these Terms and Conditions.
- 1.4 Chemson may vary these Terms and Conditions by giving the Buyer not less than 30 days' written notice of the variation. Any Purchase Orders placed after the expiry of the notice period, if accepted by Chemson, will be subject to the revised Terms and Conditions.

2. Formulation

- 2.1 The Buyer must specify the Performance Characteristics it requires for a specific product and Chemson, in consultation with the Buyer, will design and manufacture the Good to meet such Performance Characteristics (**Formulation**). The description/name of the Good is unique and indicates the Formulation for that Good. All initial product design and testing of the Goods is undertaken at Chemson's cost.
- 2.2 The Buyer must only use the Goods and any samples and materials (such as product data sheets relating to the Goods) provided by Chemson for internal purposes and for re-sale, and the Buyer must handle the Goods and such samples and materials in compliance with good laboratory and manufacturing practice and all applicable laws. The Buyer must not carry out any research on the Goods or samples or analyse, attempt to modify or reverse-engineer or otherwise seek to determine the structure or Formulation of any Goods or materials or samples provided by Chemson pursuant to these Terms and Conditions.

3. Orders

- 3.1 Following agreement as to the Formulation of the Goods between Chemson and the Buyer (pursuant to clause 2.1), Chemson will provide the Buyer with a quotation for the Goods which will include a description of the Goods and the price for the Goods (**Quotation**). Subject to clause 4.3, the Quotation remains valid for three (3) months from the date of issue of the Quotation, unless Chemson agrees otherwise in writing.
- 3.2 The Quotation is merely indicative of pricing for the Goods and is not a Purchase Order or offer to supply the Goods.
- 3.3 The Buyer must place a Purchase Order with Chemson for the Goods in the form agreed between Chemson and the Buyer. By placing a Purchase Order for the Goods, the Buyer confirms that the Formulation satisfies the Performance Characteristics for the Goods.
- 3.4 A Purchase Order placed by the Buyer constitutes an offer to purchase Goods from Chemson which Chemson may, in its discretion, accept or reject. If Chemson accepts the Purchase Order, it will issue an Order Confirmation and a Contract will be formed.

4. Price

- 4.1 The price for the Goods is set out in the Quotation and will be confirmed in Chemson's Order Confirmation, and is, unless otherwise stated in the Order Confirmation, payable in Australian dollars.
- 4.2 The price for the Goods includes the cost of delivery to the Delivery Address, unless agreed otherwise.
- 4.3 Chemson may vary the price set out in a Quotation (within 3 months from the date of the Quotation, or after the expiry of that period) to reflect any significant or out of the ordinary price increase due to factors beyond its control, including but not limited to freight costs, delays caused by the Buyer, required changes to the Formulation, customs duties or other public levies, taxes or charges. Chemson will notify the Buyer of any such price increase in writing prior to issuing the Order Confirmation for the Goods (**Price Increase Notification**). If the Buyer wishes to proceed with the order for the Goods at the new price, the Buyer must issue a new Purchase Order detailing the order for the Goods and the revised price for the Goods. If Chemson accepts the new Purchase Order, it will issue an Order Confirmation.
- 4.4 The revised price for the Goods (determined in accordance with clause 4.3 above) will apply to all Goods which are the subject of a Purchase Order placed after the Price Increase Notification (until expiry of the pricing set out in the Quotation, after which the Buyer must request a new Quotation).

5. GST

5.1 In this clause 5:

- (1) words or expressions used in this clause which have a particular meaning in the GST law (as defined in the GST Act), any applicable legislative determinations and Australian Taxation Office public rulings, have the same meaning, unless the context otherwise requires;
- (2) any reference to GST payable by a party includes any corresponding GST payable by the representative member of any GST group of which that party is a member; and
- (3) any reference to an input tax credit entitlement by a party includes any corresponding input tax credit entitlement by the representative member of any GST group of which that party is a member.

5.2 Unless GST is expressly included, the consideration to be paid or provided under any other clause of these Terms and Conditions or a Contract for any supply made under or in connection with these Terms and Conditions or a Contract does not include GST.

5.3 To the extent that any supply made under or in connection with these Terms and Conditions or a Contract is a taxable supply, the GST exclusive consideration to be paid or provided for that taxable supply is increased by the amount of any GST payable in respect of that taxable supply and that amount must be paid at the same time as the GST exclusive consideration is to be paid or provided.

5.4 A party's right to payment under clause 5.2 is subject to a valid tax invoice being delivered by the supplier to the recipient of the taxable supply.

5.5 To the extent that a party is required to reimburse or indemnify another party for a loss, cost or expense incurred by that other party, that loss, cost or expense does not include any amount in respect of GST for which that other party is entitled to claim an input tax credit.

5.6 To the extent that any consideration to be paid or provided under these Terms and Conditions or a Contract represents a decreasing or increasing adjustment because of an adjustment event in relation to a taxable supply:

- (1) the supplier must notify the recipient of the refund, credit or further amount payable on account of GST by the supplier issuing to the recipient an adjustment note (or a cancellation note together with a tax invoice) within 5 Business Days of becoming aware of the adjustment event; and
- (2) the supplier must provide a refund or credit to the recipient, or the recipient must pay a further amount to the supplier, as appropriate on account of GST within 10 Business Days of receipt of the adjustment note or tax invoice.

6. Delivery

6.1 Chemson will deliver the Goods to the delivery address specified in the Purchase Order (**Delivery Address**) using the delivery method confirmed in the Order Confirmation, unless otherwise agreed in writing.

6.2 Chemson will use its reasonable endeavours to meet the delivery timeframes confirmed in its Order Confirmation but will not be liable if delivery is delayed. Any timeframes provided for delivery are an estimate only. Chemson will not be liable for any loss arising from delayed delivery (unless such delay is due to Chemson's own negligence or wilful default). If Chemson becomes aware that it will be unable to deliver the Goods by the delivery date requested in a Contract (or subsequently agreed with the Buyer), Chemson will give the Buyer as much notice as reasonably possible of such delay. Delayed delivery will not entitle the Buyer to cancel the Contract.

6.3 The Buyer must take delivery of the Goods at the Delivery Address, and sign any documentation required by Chemson in order to confirm receipt of the Goods.

6.4 Unless otherwise expressly agreed in writing, Chemson may deliver a surplus /short delivery of Goods up to and including ten per cent (10%) of the ordered quantity or weight of Goods detailed in a Contract. The Buyer may not reject the Goods on the basis of such surplus or shortage and a pro-rata price adjustment will be made by Chemson. The net weight indicated on Chemson's dispatch note is conclusive evidence of the weight of Goods delivered.

6.5 If the import regulations of the country of destination prohibit deviations from the ordered amount, the Buyer must inform Chemson when placing the Purchase Order. If the Buyer fails to do so, the Buyer agrees to indemnify Chemson for all costs, losses, expenses, fines, demands and damages Chemson may incur which are caused or contributed to by the Buyer's failure to notify Chemson of such import regulation requirements.

Chemson is not liable for any failure to deliver the Goods to the extent that such failure is caused by Force Majeure or the Buyer's failure to provide Chemson with adequate delivery instructions or any other instructions that are required to supply the Goods.

7. Transfer of risk

- 7.1 Risk in the Goods passes to the Buyer upon delivery to the Delivery Address specified in the Contract. - 9.3 If the Buyer fails to pay an amount on the due date for payment, Chemson may issue a reminder notice to the Buyer requiring payment within 7 calendar days. If Chemson does not receive payment of the full amount within the 7 day reminder period, the Buyer acknowledges and agrees that Chemson may:
- (1) charge interest at the Default Rate on the outstanding amount calculated and payable daily computed from the due date until the date that the amount is paid in full; and/or

 - (3) refuse to accept future Purchase Orders from the Buyer; and/or
 - (4) require payment in advance for all future Contracts with the Buyer until otherwise advised by Chemson.
- 9.4 In the event that the Buyer experiences an Insolvency Event, or its financial position otherwise deteriorates after the date of a Contract, Chemson reserves the right to vary the payment terms for future Purchase Orders (prior to any such Contracts being agreed.) Any such revised payment terms will be agreed between the parties and reflected in the relevant Contract.
- 9.5 Payments by bills of exchange or cheque must be free of interest and other costs for Chemson.
- 9.6 If payment is delayed, all of Chemson's costs in connection with issuing payment reminders and collection of the outstanding amount must be reimbursed by the Buyer. - 10.4 If before title to the Goods passes to the Buyer, the Buyer experiences an Insolvency Event or has breached a Contract or these Terms and Conditions, then, without limiting any other right or remedy Chemson may have, Chemson may at any time:
- (1) require the Buyer to deliver to Chemson all Goods in its possession that have not been resold or irrevocably incorporated into another product; and
 - (2) if the Buyer fails to do so promptly, enter any premises of the Buyer or any third party where the Goods are stored in order to recover them. The Buyer indemnifies Chemson against any liability to any person in connection with the entry or reclamation.

 - (a) a *security interest*; and
 - (b) if applicable, a *purchase money security interest*.
- 10.7 Chemson may, by notice to the Buyer, require the Buyer to take all steps requested by Chemson to ensure Chemson's *security interest* in the Goods and the *proceeds* is enforceable, and to perfect, or better secure Chemson's position and the Buyer must comply with that notice.
- 10.8 Chemson is not obliged to give any notice, document or information under the PPSA, unless the provision of the notice, document or information is required by the PPSA and cannot be excluded.
- 10.9 Neither party may disclose any information or documents supplied by another party that is not publically available, including: information of a kind referred to in section 275(1) of the PPSA; or the existence or content of a Contract or these Terms and Conditions.
